5.4 WORKSHOP

Using Social Network Diagrams to Add Value to Social Research: Tutorial and Demonstration

	Chair: tbc Room: Fox Lecture Hall [G.59]
Author(s)	Content
Malcolm Alexander	Social network analysis has developed powerful tools for mapping and visualising network data. This session will demonstrate simple ways to organise sociological data for display and analysis in NetDraw. Network diagrams add value (and colour) to a variety of sociological research projects and are useful exploratory tools. NetDraw is a free program. To download NetDraw simply go to www.analytictech.com . Install NetDraw on your laptop and bring it along to the session if you want 'hands-on' experience. Otherwise just come along and watch the demonstrations!

Concurrent Session 5: Thursday 7 December 8.30am-10.00pm (90 minutes)

5.5 Theme: Technology and Sustainable Environments

Stream: Urban & Rural Sociology	Chair: David Worth Room: Arts Lecture Room 4 [G.60]
